Dear Kate,

In response to your request for the ArtEZ Scholarship for Non-EU Students, I can inform you that:

You fulfil the requirements for the ArtEZ Scholarship, as decreed by the Executive Board of ArtEZ University of the Arts.

This is based on the following:

1. You have been admitted to the 2018-2019 academic year of the Bachelor Graphic Design.
2. Your motivation letter has provided sufficient testimony that your artistic qualities are of a very high level and such that it can be expected that you will gain your bachelor's degree within the course duration of four years.

On the basis of the evidence presented above, you have been allocated the sum of € 5.000,- for this academic year from our ArtEZ Scholarship. You will receive the grant on a yearly basis for the nominal duration of your study program.

Payment of this sum for the present academic year will be implemented once it has been established that you have satisfied all the 2018-2019 registration conditions, and that you have informed the Student Affairs Department of your Dutch bank account number.

If you have any questions concerning this letter, you should contact the ArtEZ Student Affairs Department by mailing studentaffairs@artez.nl.

I trust that I have provided you with correct and adequate information.

Yours sincerely,

Marjolijn Brussaard
