CONFIRMATION LETTER

With this letter we confirm that Angelina Emurlaeva is a volunteer with the Czech non-profit association, Helping to Leave, z. s. (ID: 17065925). Our mission of offering support to the Ukrainian people, extending from humanitarian assistance to organizing evacuation, has been ongoing since the inception of the full-scale Russian military invasion.

Angelina has been proving herself as a responsible person who can be trusted with any work. She clearly fulfills her obligations, helps her colleagues, participates in all activities, and learns very quickly.

During her volunteering with Helping to Leave, z. s., Angelina already has been in contact with more than 500 Ukrainians reaching for our help. I note her responsibility, empathy, and ability to find a solution to a problem in any difficult situation. I also note her coordinating and managerial skills — she showed herself to be an excellent leader who can rally and motivate the team. Overall, Angelina is a wonderful volunteer and an excellent leader.

The authorities of Russian Federation have made the humanitarian work of people supporting Ukraine in general and Angelina Emurlaeva in particular potentially illegal. People, who dare to express any support to Ukrainian civilians, affected by Russian military aggression, are regularly arrested and prosecuted in Russia.

Listed above are just some of the risks for Angelina Emurlaeva in the Russian Federation. We believe that for the direct assistance to many forcibly deported Ukrainians in evacuation from the Russian Federation, Angelina Emurlaeva has a real risk of being prosecuted and imprisoned in the Russian Federation.

Anna Platunova

Anna Platunova, Chairperson of Helping to leave, z. s.
