## INTRODUCTION

VALERYIA SILCHANKA

To whom it may concern,

With this letter, I would like to express my interest in studying the LL.M. Program “International Business and Trade Law” at the European Humanities University in Vilnius, Lithuania (“**Program**”).

I finished my university degree in international law (both Bachelor's and LL.M. degrees) at the International University “MITSO” (Belarus, Minsk). During my studies at the University, I specialized in International Commercial Law. Law is a field in which I see myself throughout my professional life. Legal work inspires me. At the same time, I like to be constantly on the move, learning about the world, travelling, discovering new legal systems. Perhaps this was the decisive argument for choosing my specialization.

After looking for opportunities to get immersed in international commercial law, I participated in two moot court competitions: V ICC Lex Mercatoria International Commercial Arbitration Moot (Minsk, Belarus)<sup>1</sup> and the 24th Willem C. Vis International Commercial Arbitration Moot (Vienna, Austria)<sup>2</sup>; in the summer law school on private international law at the International University “MITSO” in July 2015<sup>3</sup>. Additionally, the Federation of Trade Unions of Belarus granted me a scholarship (2014/2015)<sup>4</sup> and (2015/2016)<sup>5</sup> because of my strong academic performance. In March 2016 I was granted a scholarship to participate in the XXIV International Student Science Conference in Saint Petersburg, Russia<sup>6</sup>.

Other achievements during my university studies include attendance the course “European citizenships and the future of Europe. A critical Approach” lectured by Prof. Rafael Varzquez-Garcia (Spain)<sup>7</sup>, and also “International Trade Law” lectured by Prof. Michael John Strauss (France)<sup>8</sup> both in April 2015. In December 2016 I took part in the online conference of students titled Common Foreign and Security Policy of the EU, co-funded by the ERASMUS+ Programme of the European Union<sup>9</sup>. Also, in November 2016 I participated in the V ICC Lex Mercatoria International Legal Forum on International Commercial Law and Arbitration<sup>10</sup>.

Every person at least once in his or her life has dreamed of something: a dog, the sea, a new apartment, or a hot air balloon flight. Dreams, born in early childhood, sometimes do not leave us throughout our lives. Some of them find their place in reality, others die as they become unnecessary. In my opinion, the dream of any person is the desire to be happy! And one of the important components of simple human happiness is a favorite job.

<sup>5</sup> Federation of Trade Unions of Belarus scholarship 2015-2016 Certificate;

<sup>6</sup> XXIV International Student Science Conference in Saint Petersburg, Russia Certificate;

<sup>7</sup> European citizenships and the future of Europe. A critical approach lectured by Prof. Rafael Varzquez-Garcia Certificate;

<sup>8</sup> International Trade Law lectured by Prof. Michael John Strauss Certificate;

<sup>9</sup> Common Foreign and Security Policy of the EU, co-funded by the ERASMUS+ Programme of the European Union Certificate;

<sup>10</sup> V ICC Lex Mercatoria International Commercial Arbitration Moot LEGAL FORUM Certificate;

Starting in 2018 I have been working as a happiest junior associate in the international commercial arbitration practice in the “Sysouev, Bondar, and partners SBH” Law Office and “Lex Torre Law Office” (Belarus, Minsk) – the only Belarusian law offices which had a separate international commercial arbitration practice.

During my work in the law office, I specialized in international commercial and investment arbitration, and contractual law working with the projects of major international and Belarusian clients. Therefore, I have a two-year experience as a lawyer in consulting in top law offices of the Republic of Belarus.

Continuing my professional development, I took part in Kyiv Arbitration Days in Ukraine<sup>11</sup> in September 2018. In October 2018, I was chosen to participate in the lectures of Gary Born (the Chair of the International Arbitration Practice Group at Wilmer Cutler Pickering Hale and Dorr LLP, President of the SIAC Court of Arbitration, one of the world’s leading authorities in international arbitration) in Moscow, Russia<sup>12</sup>. Also, Baker & McKenzie Law Office in Moscow held an interview with Gary Born where I also was able to participate.

In November 2019 I had my first professional presentation on 15th November 2019 in Moscow, Russia at the scientific and law practice conference “Foreign Trade Regulation and International Commercial Arbitration: Historical Experience and Present Needs” on the topic: “The possibility of applying online arbitration (in terms of some countries of the former Soviet Union)”<sup>13</sup>.

In January 2019, the ELSA Europe chose me to participate in ELSA Winter Arbitration Law School in Uppsala, Sweden<sup>14</sup> on 20-27 January 2019 among 35 people from all over Europe. As soon as I back to Belarus I was happy to share my experience at Faculty of the International Relations of the Belarussian State University and address all questions either on law schools or my experience in working at a law office<sup>15</sup>.

On 30 July - 02 August 2019, I took part in the First Summer School of International Commercial Arbitration “Conducting a case at the International Arbitration Court at the BelCCI” organized together by the International Arbitration Court at the BelCCI, the Belarusian Republican Bar Association, the Centre for Management of Business Conflicts MOST and Young Alternative Dispute Resolution Belarus (Young ADR). I was awarded among the best participants in the school and received a special prize from the Chair of the Belarus Republican Bar Association.<sup>16</sup> In October 2019 I took part in VI International Arbitration Readings in memory of Academician Igor Pobirchenko 10-11 October 2019 in Kyiv, Ukraine<sup>17</sup>.

During my work in the Law Offices, I also took part in the preparation of the Doing Business 2020 Belarus report<sup>18</sup> which was the 17<sup>th</sup> annual series of reports measuring the regulations that enhance business activity and those that constrain it.

<sup>16</sup> First Summer School of International Commercial Arbitration August 2019 Certificate;

<sup>17</sup> VI International Arbitration Readings in memory of Academician Igor Pobirchenko;

<sup>18</sup> Doing Business 2020 Belarus Certificate;

Since 2018, I was also a part of the organizational team of the Eastern European Dispute Resolution Forum (EEDRF)<sup>19</sup>, the first and the largest practical legal Forum, held in Belarus, which unites more than 500 legal professionals from various jurisdictions<sup>20</sup>, where I was responsible for the whole organization (communication with speakers, preparation of the documentation, events organization, budgets, etc.)<sup>21</sup>.

I also have served as a Regional Representative of the Alumni Association of the Willem C. Vis International Commercial Arbitration Moot; training students of my Alma Mater for International Commercial Arbitration Moot Courts<sup>22</sup> and reading lectures on arbitration at the request of the University<sup>23</sup>.

In June 2020 I left a Law Office and joined “MEDIACUBE MCN” LLC (“**MEDIACUBE**”) company as a legal counsel, the official regional representative of YouTube, specializing in the provision of intermediary services through the use of software developed both at the expense of its own resources and custom software, activities related to advertising on the resources of bloggers as well as management of the intellectual property; IP protection (copyright and related rights to audiovisual works, musical works, images, trademarks); draft, review and negotiate complex contracts on the provision of advertising services with foreign and local clients; legal support of the day-to-day operations of the company with offices at Cyprus, Russia, Belarus. As a result, I have a two-year experience in providing legal support for projects in the IT industry as an in-house lawyer (legal department in the private sector).

During my work in MEDIACUBE for the first time in my professional life, I faced a lot of questions regarding intellectual property and personal data. Therefore, in September 2020 I decided to obtain the missing knowledge and to take the appropriate training at the “ITLaw: express immersion 4.0 course” in the following modules “IP&Copyright”, “IT Contracts & Tax”, “Privacy & Security”<sup>24</sup>.

In January 2021, I started my journey as a legal counsel in one of the largest outsourcing and software development IT companies headquartered in the US and operating internationally (North America, Europe, the UK, and the Gulf), - SCIENCESOFT CJSC (Minsk, Belarus) (“**ScienceSoft**”). During my work in ScienceSoft, I specialized in international commercial law, IP law, international trade law, dispute resolution, compliance, and personal data protection, specifically legal support of the day-to-day operations of the company with offices in the USA, UAE, Latvia, Finland, Ukraine, and Belarus; preparation of complex outsourcing and technology contracts including NDA’s, MSA’s, SOW’s and other agreements with foreign and local clients; compliance and data protection (GDPR, High-Tech Park regulations, etc.), help balance legal risks with company-wide goals etc.

In ScienceSoft I continue learning something new and in April 2021 I took part in VIII Online Arbitration School organized by Ukrainian Arbitration Association<sup>25</sup>. In January 2021 I was honored to be recognized as an Arbitration Future Leader (Non-partners section) by Who’s Who Legal<sup>26</sup>.

<sup>26</sup> Who’s Who Legal Valeryia Silchanka;

At the end of February 2022, I moved to Poland (Warsaw) due to personal reasons, and from April 2022, I was working as a Contract Associate at EY GDS (CS) POLAND<sup>27</sup>. I have been working at EY till June 2023. During my work here, I specialized in legal managed services, namely entity compliance and governance, and contract lifecycle management. I was involved in data abstraction, analysis, and quality review, contract review, assembly and facilitation of completion, obligation and risk monitoring, annual and routine compliance activities, etc.

Starting from July 2023 I joined CIVITTA Sp. Z.o.o. team as a legal counsel<sup>28</sup>. Currently, I am the only foreigner hired in its Polish office and I am responsible for the provision of legal support for CIVITTA and its group companies all over the world. In addition to my compulsory studies as part of my work in Poland, I also continued self-study and decided to learn foreign languages. During a year of living in Poland, I learned the Polish language from level A1 to level B1<sup>293031</sup> and passed the state exam in Polish (for foreigners).

During my studies at the university, I have formed my preferences and professional interests, and work experience helped me to develop and deepen them. At the moment I am a practicing lawyer at an international consulting firm in Poland, engaged in legal support of projects, most of which are related to international business and trade law.

It should be noted that besides studying and working, I am also fond of sports, traveling, singing, and blogging. I am deeply convinced that for the harmonious development of the personality it is necessary to devote time to one's physical and mental health, so in my free time from work and study, I completed an online course on the basics of nutriology held by in the Belarusian Fitness Federation<sup>32</sup>, regularly attend pilates, yoga, and strength training classes.

Besides, I like traveling very much. I have already traveled to 20+ countries and I believe that this is not the limit! In March 2023, I realized my big dream - I visited Portugal and saw the ocean for the first time in my life<sup>33</sup>.

Moreover, I have loved singing since childhood. In my free time, I attend a vocal studio in Warsaw<sup>34</sup>. Also among my hobbies is my small blog on Instagram. Word is my way of interacting with the world and I love to write. Since moving from Minsk to Warsaw, I have been actively talking about the peculiarities of life in emigration, helping and counseling those who are just thinking about moving or have recently moved. In addition, I published my own little guide to the first steps in Poland<sup>35</sup>.

Based on the above-mentioned I would like to say that I always aim higher and try to get the most out of my academic, cultural, and professional experiences. I was very delighted to find the opportunity to apply for the Program at EHU, Lithuania. It would be all of my interest to meet the challenges of an increasingly global economy by receiving the new knowledge and training needed to handle complex transnational
