# The Teacher and Social and Emotional Learning (SEL)

In this Specialization, learners became acquainted with the growing field of social and emotional learning for both students and teachers. The Specialization highlighted SEL programs for K-12 students and teachers and engaged participants in a thorough examination of these programs. Learners completed a Capstone Project at the end of the Specialization to apply their new knowledge and skills.

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.
